Product code: A-4

The A-4 chair is the closest family of the famous A-14 bentwood chair made in the same traditional, manual wood bending technology. Chair No. 4 is distinguished by a light and extremely strong construction. The A-4 chair impresses with the perfect execution of the bent elements of the backrest, which create an extremely decorative heart-shaped openwork. The plasticity with which chair 4 has been designed and made makes them a real work of applied art.
