coffee table

Candy

Product code: STK-1804

Design: Pawlak & Stawarski

Candy coffee tables are characterized by a lightweight, openwork construction that naturally combines traditional wood bending with the latest digital processing technology, yielding soft line details that emphasize the value of natural wood. The balusters give the sculptural form to the tables, referring to the aesthetics of the 1960s. The collection consists of two tables of different heights and distinct shapes of table-tops.
