Tivoli

Product code: Chest of drawers 02

Tivoli is a modern and elegant collection of bedroom furniture with solid oak wood elements. The segments included in this collection are distinguished by untypical fi nish of oak wood surfaces which are fi rst brushed and then waxed. This laborious and toilsome treatment preserves furniture to stand the test of time and, at the same time, makes it pleasant to the touch. Modern styling solutions go hand in hand with modern technology which enhances user comfort. Sequential lighting of wardrobe interiors, eye-catching, backlit upholstered headrest with the option of colour change and soft close in all elements included in the collection are just some of them. Another important feature of the Tivoli collection is a well-thoughtout and practical division of the internal surface of the pieces of furniture, making them capacious and functional but also elegant.
