

cupboard

Senales

Product code: TV cupboard 01

Almost in every home a TV cabinet stands in the central spot of the living room and functions as a family entertainment centre. The TV cabinet from Senales collection is equipped with oak slanting legs which enhances impression of lightness of the entire block. A special, discreet cable grommet is a crucial feature of the cabinet. It allows to connect all equipment located inside the cabinet to power supply. The cabinet also has a special slot in the top which allows connection to equipment standing on the cabinet, like e.g. TV set or audio equipment.
