

chair

Ida

Product code: A-2004

Design: Ehlén Johansson | Mejk Design

Ida is a contemporary and modern interpretation of the famous and traditional A-14 bent chair. Visually clear, with the characteristic curve of the backrest, it allows you to stack endlessly – which is not possible in its traditional counterpart. The simplicity and versatility of its shape, combined with the traditional technology of manual wood bending, creates a universal chair – a respond to the changing times. Ida is available in an assembled version or for self-assembly.

	OPTION A: VENEER SEAT	OPTION B: UPHOLSTERY
