## Juve

Product code: A-2003

Design: STROOG Andrzej Łęckoś

Juve is a modern interpretation of the traditional, famous Stick chair. The seat made of solid wood, strong balusters in the backrest, and the geometry of the legs, not only create a great aesthetic effect, but also provide good lumbar support. This simple, honest form is modelled not only on the classic forms of Stick chairs but also on traditional, artisanal carpentry forms – durable and long-lasting.
